

Western Fire Chiefs Association

Resolution 09-02

Title: Statement of Support for Ready Set Go Policy

Description: To encourage the preeminent duty of the fire service by protecting human life and supporting the Ready Set Go Program which encourages fire prevention and early resident evacuation from wildfire.

WHEREAS, the Western Fire Chiefs' Association (WFCAs) represents the interests of the fire service of the ten Western states that comprise the Western Division of the International Association of Fire Chiefs (IAFC) and is an organization dedicated to public safety and support of its members; and

WHEREAS, the Ready, Set, Go program is a collaborative process that is effective in improving coordination and communication between emergency response agencies and the community. Spending an adequate amount of time developing the Ready, Set, Go program in each community can help clarify and refine priorities to protect life, property, infrastructure, and valued resources.

WHEREAS, the WFCAs supports the Ready Set Go program that focuses on building defensible space around homes and structures, and recognizes that early evacuation in the face of life-threatening wildfire is the single most important thing any homeowner can do to protect lives. Prepare your property, leave early, and follow all evacuation orders.

WHEREAS, the WFCAs is aware of the ever-present risk of catastrophic wildfire and that any fire protection plan must include a determined and forceful commitment to all available fire prevention strategies. In particular, it must recognize the value of building with ignition-resistant materials, maintaining a defensible space around structures, and preparing a home for the arrival of firefighters who have the experience of working under extreme conditions.

WHEREAS, the WFCAs recognizes the importance of Fire Adaptive Communities, and the need to renew efforts to provide the resources necessary to insure that emergency responders will be able to continue to protect the lives and property of its citizens.

NOW, THEREFORE, BE IT RESOLVED, that the Western Fire Chiefs' Association is proud to support the Ready Set Go program.

APPROVED and ADOPTED this 25th day of June, 2009.

Gary L. Aleshire, Jr.
WFCAs President
